To food processing companies facing persistent sanitation challenges, Alpha Chemical provides a unique combination of pragmatism and innovation that can only come from years of experience solving real-world sanitation problems.

For nearly 50 years Alpha Chemical Services has been a manufacturer of cleaning products. Founded as a family business in 1969 by Wayne Juckett, Alpha Chemical has built upon its founder's expertise in the food and beverage industry, and expanded manufacturing of cleaning products into other industries, such as food service, institutional, industrial, transportation and personal care. From humble beginnings, Alpha has since developed a rich history of expertise and knowledge in formulating, manufacturing and innovating products to meet customers' needs.

Alpha Chemical's manufacturing facilities are ISO 9001:2015 certified, and are registered chemical blending facilities for: EPA, NSF, Kosher, Green Seal, and Safer Choice. Private label packaging, and toll manufacturing services are available for products in liquid, powder, solid and portion control packaging. Our quality control standards and procedures can meet the strictest customer specifications.

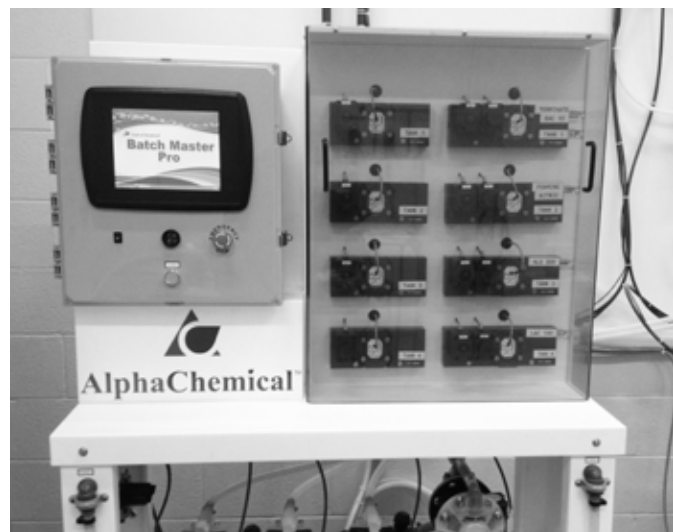

EQUIPMENT

Alpha Chemical will custom design & install systems to meet your budget

We combine advanced equipment, innovative technology, custom design and know-how to provide companies in the food processing industry with the best solutions to meet their cleaning and sanitation needs with greater safety and controlled costs. When you work with Alpha Chemical, you'll have access to state-of-the-art equipment including automated activation non-electric systems, cold fog applicators, on-line activation systems, high volume chlorine dioxide generators, triple injection on-line activation systems, wall mixing stations, and wall mount automated activation non-electric systems. We're happy to work with you to create a custom solution that suits the requirements of your application and remains both effective and economical.

- ▶ Optimize sanitation chemical efficiency
- ▶ Improve worker safety by eliminating sanitation personnel handling chemical concentrates
- ▶ Reduce cross contamination
- ▶ Ongoing service and maintenance support
- ▶ Personnel training

FOOD SAFETY SERVICES

- ▶ Optimize sanitation chemical efficiency
- ▶ Improve worker safety by eliminating sanitation personnel handling chemical concentrates
- ▶ Reduce cross contamination
- ▶ Written Sanitation Standard Operating Procedures (SSOPs)
- ▶ Bacteriological laboratory support
- ▶ Monthly chemical titrations
- ▶ Monthly usage reports
- ▶ "Right to Know" training
- ▶ Good Manufacturing Practice training (GMP)
- ▶ Secondary labels
- ▶ Safety posters
- ▶ Personal Protective Equipment (PPE) signs
- ▶ Chemical handling charts
- ▶ Employee hygiene signs

CHLORINATED PRODUCTS

LAC-300 (5526)

CIP Detergent, Concentrated, Non-Foaming, Free Rinsing.

LD-300 (5440)

Concentrated Foaming Detergent, Free Rinsing.

LD-500 (5831)

Aluminum Safe, High Foaming, Concentrated.

Foaming Chlorinated Cleaner (5676)

Highly Concentrated, Free Rinsing, Foaming Detergent.

IPC-400 (1119)

Powdered CIP Detergent, Non-Foaming, Free Rinsing.

GMC-500 (1128)

Manual Chlorinated Powdered Cleaner.

CIP-9 (5959)

CIP / Spray / Soak Tank Cleaner, Non-Foaming, Caustic.

Foam Gel (5859)

Foaming Gel, Chlorinated Detergent.

ND-100 (6510)

Thick Chlorinated Foaming Cleaner, Free Rinsing.

MEDIUM DUTY CLEANERS

501 Wallop (5013)

Concentrated Non-Caustic Foaming Detergent.

LSC-200 (5535)

Non-Foaming, Use In Mechanical Pan / Dish Washers /CIP Systems.

Metal Safe (1131)

Powdered, Non-Foaming, Non-Caustic CIP Detergent.

Formula 99 (6351)

Non-Caustic, Medium Foaming Detergent, Degreaser.

Defoam (5369)

Silicone Based Emulsion Defoamer.

GMC 400 (1151)

Chlorinated General Manual Cleaning Powder.

Foaming Aluminum Safe Cleaner (5051)

Aluminum Safe, For Manual Use / Mechanical Cleaning Devices.

Green Pot & Pan Detergent (5388)

Neutral Foaming Detergent for Manual Cleaning Applications.

Big A (6729)

Low Foam Alkaline Floor Cleaner, Use in Floor Scrubbing Machines.

Floor Clen 300 (5453)

Liquid Floor Cleaner Formulated for Floor Scrubbing Machine.

Poly Wash (6585)

Spray Cleaner Formulated for the Mechanical Cleaning of Polycarbonate.

HEAVY DUTY CAUSTIC CLEANERS

LAC-100 (5411)

Heavy Duty Smoke House Cleaner.

LAC-400 (5722)

Non-Foaming, Highly Concentrated.

Alpha Sheen (5437)

Heavy Duty Caustic Detergent, Concentrated, Non-Foaming.

CC-200 (1104)

CIP / Soak Cleaner, Powdered, Concentrated.

Hook & Trolley Cleaner (1236)

Caustic Soak Cleaner, Not Safe on Aluminum.

CC-400 (1106)

CIP / Soak Cleaner, High Temp / Short-Use Applications.

LC-40 (5740)

Low-Foam CIP / Soak Tank Cleaner.

LAC-200 (5570)

Low-Foam CIP / Soak Tank Cleaner.

LAC-400 (5722)

Foaming Cleaner, Mechanical Cleaning Device Safe.

HEAVY DUTY ACID CLEANERS

LF Acid Cleaner (5420)

Low Foaming CIP Acid Detergent, Concentrated.

High Foaming Concentrated Acid (5444)

Concentrated, Superior Descaler.

MSR-300 (5418)

A Blend Of Acids, Passivates Stainless Steel.

MSR-500 (5419)

Low Foaming CIP Acid Detergent.

MSR-700 (5444)

High Foaming CIP Acid Detergent.

Descale (9912)

Powdered Acid CIP Cleaner.

Acid Cleaner (5101)

High Foaming, Removes Rust, Alkali and Mineral Deposits.

Rust Removing Acid (5492)

Low Foaming, Removes Rust and Iron.

DISINFECTANTS & SANITIZERS

**EPA registered products may not be available for sale in all states. Confirm with your Alpha Chemical representative for availability of sale in your states.*

Alpha Bac (5688)

Alpha Bac is a quaternary disinfectant food contact sanitizer.

Alpha Bac 10 (5678)

EPA registered, 10% quaternary ammonia based sanitizer.

Alpha Dyne (5406)

Alpha Dyne is a low-foaming iodine sanitizer. Use for "in place" sanitizing applications via spray equipment and circulation at 25 ppm iodine.

Alpha Quat DDS (5628)

Phosphate-free cleaner, disinfectant, detergent, sanitizer.

ICS (5434)

Iodine based virucide, bactericide, fungicide, deodorizer.

Low Temperature Sanitizer (5414)

9.25% sodium hypochlorite sanitizer.

Terminate (5666)

Multi-purpose no-rinse acid cleaner food contact sanitizer.

Perasan® 'A' (RS966)

Peroxyacetic acid-based sanitizer/disinfectant.

Peraspray (31)

A ready-to-use (RTU), EPA-registered peracetic acid spray for cleaning, deodorizing, sanitizing, and disinfecting all types of surfaces. This product is completely chlorine free and leaves no harmful or toxic residues. Peraspray is the only stable, RTU peracetic acid product on the market and is Kosher as well as organic certified. Peraspray is a broad-spectrum sanitizer and disinfectant that kills 99.999% of bacteria in 60-seconds and 99.9% viruses in 10 minutes.

Alpet D2 – Surface Sanitizer (992)

58% IPA/quat formula. Ideal for surfaces that can't get wet like electrical panels and hand tools. Sanitizes in 60 seconds and disinfects in 5 minutes.

Alpet D2 – Quat-Free Surface Sanitizer (1003)

62.5% ethanol / 7.5% isopropanol formula. Sanitizes in 60 seconds and disinfects in 5 minutes.

Oxine (965)

A highly refined blend of oxychloro species containing purified sodium chlorite. When activated, chlorine dioxide is produced, greatly enhancing OXINE®'s antimicrobial activity.

ProOxine (60012)

A highly refined blend of oxychloro species containing purified sodium chlorite. When activated, chlorine dioxide is produced, which provides ProOXINE its powerful antimicrobial activity.

Reflex (977)

Phosphate-free peracetic acid / nitric acid-based low pH (acid) microbiocide developed for use on food, dairy and beverage processing and filtration equipment.

ANTIMICROBIAL INTERVENTIONS

Alpha MP (916)

Peroxyacetic acid-based microbiocide developed for use in Federally Inspected meat, poultry and seafood processing locations. If used as directed, it will help to reduce contamination and cross-contamination of edible food products. Its use is acceptable for direct or indirect contact in or on food, including fruits, vegetables, meat, seafood and poultry in accordance with 21 CFR 173.370 and 21CFR 173.315.

BioSide HS 15% (9220)

Contains 15% peracetic acid and 22% hydrogen peroxide. It is widely used as an additive in water that contacts fruits and vegetables, and is continuing to grow in popularity as a sodium hypochlorite alternative. BioSide HS 15% is ideal for use in organic facilities as it is OMRI listed.

Alpha MP- 2 (916)

FDA-approved antimicrobial specifically formulated for use in ice and water that directly contacts meat, poultry, seafood, plus further processed fruits and vegetables. Perasan MP-2 contains 15% peracetic acid, 6% hydrogen peroxide, and acetic acid.

Alpha MP-2C (919)

FDA approved 22% peracetic acid antimicrobial processing aid for use in meat, poultry, seafood, and further processed produce applications. The formulation, which contains a very low hydrogen peroxide concentration, is the ideal solution to prevent bleaching and blackening of wing tips in meat, poultry and produce operations.

KEEPER® Professional Red Meat (955)

KEEPER® Professional is an FDA and FSIS approved [21 CFR 173.325, USDA FSIS Directive 7120.1 & FCN 450] antimicrobial agent that is used to eliminate pathogens, extend shelf-life and improve the quality of red meat

KEEPER® Professional Seafood (9555)

KEEPER® Professional is an FDA [21 CFR 173.325] antimicrobial agent that is used to eliminate pathogens, extend shelf life and improve quality in seafood. KEEPER® Professional is approved in water and ice that are used to rinse, wash, thaw, transport and store seafood.

KEEPER® Professional Post Harvest (95555/9950)

KEEPER® Professional is an FDA approved [21 CFR 173.325] antimicrobial agent that is used to eliminate pathogens and extend shelf life in numerous post harvest fruit and vegetable applications.

HB2 – Hypobromous Acid (92055)

Antimicrobial for meat & poultry processing. Approved by the FDA-FSIS for use on meat and poultry during processing and is Kosher certified. Similar to chlorine.

ADDITIVES

ADDIT

Non Foaming Caustic Enhancer, Prevents Mineral Deposits.

LWS

Phosphate Additive, Promotes Sequestration, Handles Iron & Hardness Conditions.

AF-22

Food Grade Anti- Foam Emulsion.

Pro Foam

Foam Additive For Applying Cleaning And Sanitizing Products.

Perafoam (98L5)

A very high foaming concentrate specially designed for use in conjunction with peracetic acid sanitizer/disinfectant products, such as Perasan A. PERAFOAM results in superior sanitation and greater efficacy of peracetic acid products.

SPECIALTY PRODUCTS

Alpha Denaturant (5827)

Used to identify meat and poultry as no longer fit for human consumption.

Clean Front Iodine Blocks (95412)

Slow-dissolving iodine blocks. Anti-clog and water deodorizer unit for drains, condensation trays, troughs and drip pans.

Brewery, Winery & Distillery

CAUSTIC CLEANERS

Alpha Sheen (5437)

Highly concentrated, heavy duty, liquid caustic detergent. Designed to remove the toughest soils in the brewing industry. The choice cleaner for high-temperature CIP and COP applications.

Alpha Sheen Plus (5649)

Formulated with surfactants for better rinsing; this highly concentrated, heavy duty, liquid caustic detergent is designed for use on the toughest soils.

Fortes (0147)

Heavy duty, moderate foaming detergent. Removes heavy accumulations of grease, carbonized soils, and oils. Completely free rinsing. Contains surfactants, wetting agents and grease cutting solvents. Effective in hard water areas.

ACID DETERGENTS

Veracity™ Acid Cleaner (5735)

A self-indicative, heavy duty, low foaming acid cleaner and stain remover for use in all manner of brewery cleaning. Veracity Acid Cleaner is safer, stronger and more effective in all cleaning aspects than a nitric/phosphoric acids. This cleaner is most effective below a pH of 2.0 and alerts the user of its pH at all times. Veracity Acid Cleaner is pink/red in color when the pH is below 2. At a pH greater than 2 Veracity's color changes to yellow alerting the brewer. Veracity has no toxic fumes, is readily biodegradable and is free of nitrogen, phosphorous, and halogens. Veracity keeps metallic and nonmetallic cations in solution such as manganese, iron, calcium and magnesium soluble in near neutral pH during the final rinse cycle. When used as an acid cleaner Veracity releases 10x more protons than phosphoric acid making it able to maintain a lower pH in cleaning and dissolution of scale developed in brewing process.

Alpha Acid Brewery Cleaner (96)

Heavy duty, low foaming, acid cleaner/neutralizer, designed for use in the brewing industry. Excellent for passivation. Alpha Acid Brewery Cleaner may be used to clean surfaces found in the brewing industry. It is ideal as a CIP cleaner to remove rust and mineral deposits. Ease of preparation, testing, and its stability. Alpha Acid Brewery Cleaner can be used through manual cleaner as well as CIP systems.

BSR (5725)

Heavy duty, non-phosphate, acid detergent. Removes beerstone and mineral deposits as a CIP cleaner. Readily biodegradable and yields hardly any contribution to COD. Free of nitrogen, phosphorus and halogens. Ease of preparation, testing, and its stability keeping metallic and nonmetallic cations in solution even under neutral conditions make BSR the choice of brewery sanitarians.

ALUMINUM SAFE DETERGENTS

Powder Keg (1138)

Low foaming, CIP cleaner. Safe for cleaning aluminum surfaces in addition to stainless steel. Powder Keg works exceptionally in hard water areas and prevents beerstone deposits. Can be used for CIP in aluminum kegs and for manual cleaning of small parts and piping.

CHLORINATED CLEANERS

LAC-3000 (5600)

Highly efficient, non-foaming, chlorinated, detergent. Concentrated and free rinsing. Can be applied to remove cooked-on soils or used through CIP systems. Provides excellent results on many hard to remove soils.

LD-300 (5440)

High foaming, alkaline, chlorinated formulation. LD-300 may be used to clean floors, walls, and tank exteriors and can be dispensed through wall mounts, portable foam units or central foam stations. Do not use on aluminum or galvanized surfaces.

SANITIZERS

**EPA registered products may not be available for sale in all states. Confirm with your Alpha Chemical representative for availability of sale in your states.*

Perasan A (RS966)

Excellent bactericidal and fungicidal activity against a wide range of microorganisms in cold or warm water. Contains 5.6% peracetic acid. An equilibrium mixture of peracetic, hydrogen peroxide, acetic acid, proprietary ingredients, and water.

Alpha Dyne (5406)

Low foaming, liquid iodophor sanitizer formulated for use by the brewing industry. Easy to use. Economical dilution ratio. Suited for continuous or automatic-feeding of central sanitizing systems. Alpha Dyne is a sanitizer for use after cleaning processing equipment, tanks, filters, fillers, lines, and other stainless steel equipment.

BioSide HS 15% (9220)

An equilibrium mixture of peracetic acid, hydrogen peroxide, acetic acid, proprietary ingredients, and water. BioSide HS 15% is a food grade sanitizer used in the brewery industry for CIP pipeline cleaning. Appropriate for organic production sanitizing as approved by the NOP.

Oxine (965)

A highly refined blend of oxychloro species containing purified sodium chlorite. When activated, chlorine dioxide is produced, greatly enhancing OXINE's antimicrobial activity. With applications in the food processing and water treatment industries. OXINE displays broad spectrum antimicrobial activity, proven effective against Legionella, E. Coli O157:H7, Salmonella, Aspergillus, Listeria, Staphylococcus and Pseudomonas, among others. This product is especially suited for the removal and subsequent control of biofilm. OXINE is EPA registered and organically approved through Organic Materials Review Institute (OMRI) and possesses a myriad of other approvals.

Alpha Bac 10 (5678)

Quaternary ammonium sanitizer. May be used to sanitize all surfaces found in the brewing environment. Approved as a no-rinse sanitizer at 200-400 ppm. Alpha BAC 10 is an ideal sanitizer in three bay sinks and through fogging systems because it is less corrosive than other sanitizers. Ease of preparation, testing, and its stability make Alpha BAC 10 the choice of professional brewery sanitarians. Alpha BAC 10 may be used through wall mounted systems, portable tanks, or central sanitizing stations.

SPECIALTY PRODUCTS

Accelerate (1105)

Adds the cleaning power of hydrogen peroxide to CIP caustic cleaning solutions by pulling electrons from the molecules of soils in the clean-up process. Unlike hydrogen peroxide: (1) Packaged in 4 lb. containers, ACCELERATE can be easily handled and poured into CIP cleaning solutions, (2) Prevents build-up of minerals & beer-stone, (3) Kills foam which interferes with cleaning efficiency, (4) Wets surfaces faster allowing sodium hydroxide to penetrate and remove difficult soils more effectively, (5) Brightens stainless steel.

Hi-Lo (5135)

Wetting and de-foaming agent. Use with high pH and low pH product at end dilution.

Lube 2012 (5502)

Water-based conveyor lubricant for the brewing industry. The di-acid property of this lubricant ensures and provides excellent glass-to-surface lubricity with moderate foam. Even under adverse conditions, this dual acid functionality makes molecules more attractive to glass and metal surfaces creating a chemical protection barrier and inhibiting corrosion. Hard water tolerance of LUBE 2012 is superior, expanding its versatility in hard water regions of the country.

No Foam (2402)

Vegetable-oil based kettle and fermenter anti-foam additive.

AF-22 (9202)

Food grade in compliance with the regulations of the U.S. Food and Drug Administrations as cited in 21 CFR 173.340, defoaming agents used in processing foods. Use quantities should be based upon the limitations as prescribed by the FDA. The FDA mandates a maximum of 10 ppm by weight of polydimethylsiloxane (silicone) in food, or 100 ppm of AF-22.

DRAUGHT LINE CLEANERS

Veracity™ Caustic Cleaner (5439)

Self-indicative, heavy duty, low foaming, caustic draught line cleaner and stain remover for use in all manners of line and hose cleaning. Veracity Caustic Cleaner is more effective than other products on the market because of the conditioning agents used in its composition. Instead of just turning the soil in the line into soap, Veracity Caustic Cleaner captures the soils and sweeps them away in the fluid stream. This cleaner is most effective above a pH of 12 and will alert the user of pH at all times. Veracity Caustic Cleaner appears blue when it is cleaning properly and encounters no soil in the draught line. When Veracity Caustic Cleaner encounters draught line soil, it will turn to a yellow color. If the operator notices a brown color it is because the cleaner has turned yellow and the brown coloration is a result of the soil being removed.

Veracity™ Acid Cleaner (5735)

Self-indicative, heavy duty, low foaming acid cleaner and stain remover for use in all manner of brewery cleaning. Veracity Acid Cleaner is safer, stronger and more effective in all cleaning aspects than a nitric/phosphoric acids. This cleaner is most effective below a pH of 2.0 and alerts the user of its pH at all times. Veracity Acid Cleaner is red/pink in its natural form and remains pink as it is diluted with water. This acid cleaner will remain pink at all pH points below 1.0 and up to 1.05 at a pH of 1.5 the color will change to red and above a pH of 2.0 Veracity Acid Cleaner will turn yellow. Veracity Acid Cleaner has no toxic fumes, is readily biodegradable and is free of nitrogen, phosphorous, and halogens. Veracity Acid Cleaner can keep metallic and nonmetallic cations in solution such as manganese, iron, calcium and magnesium soluble in near neutral pH during the final rinse cycle. When used as an acid cleaner Veracity Acid Cleaner releases 10x more protons than phosphoric acid making it able to maintain a lower pH in cleaning and dissolution of scale.

Veracity™ Jockey Box Cleaner (5736)

Self-indicative, heavy duty, non-foaming cleaner. Designed for mechanical cleaning systems to clean jockey boxes and equipment containing soft metals. Captures tough soils and sweeps them away in the fluid stream. Due to its efficient inhibitor, Jockey Box Cleaner can clean soft metals, such as aluminum and other non-ferrous metals, in use dilution. Veracity Jockey Box Cleaner appears blue when it is cleaning properly and encounters no soil in the Jockey Box. When the cleaner encounters soil, it will turn to a yellow color. If the operator notices a brown color it is because the cleaner has turned yellow and the brown coloration is a result of the soil being removed.

Janitorial

MULTI-SURFACE CLEANERS

Orangy (6552)

CUSTOMER FAVORITE! Ready to use, multi-surface cleaner with a fresh and clean orange scent. Dissolves and removes grease, dirt, oil and similar tough substances. Safe to use on stainless steel and other surfaces such as aluminum, brass, linoleum tile, formica, painted surfaces, and upholstery. Ideal cleaner for kitchens, dining areas, rest rooms, and general housekeeping.

6x1 quart case, 4x1 gallon case

Marvelous - Concentrate (5605), Ready To Use (5599)

Lavender scented, multi-surface cleaner.

CONCENTRATE: 4x1 gallon case, 5 gallon pails, 30 gallon drums, 55 gallon drums

READY TO USE: 6x1 quart case

Pine Cleaner (5044)

Concentrate. Deodorizes as it cleans. Reduces the time and effort needed for proper cleaning of floors, walls, and restrooms.

4x1 gallon case

Mint Cleaner (5107)

Neutral pH detergent. Useful for cleaning painted surfaces such as walls, woodwork, furniture and a variety of other surfaces. Well suited for daily mopping of finished composite tile floors where it is important to not damage the finish.

4x1 gallon cases, 5 gallon pails, 55 gallon drums

Orange Vigor (6560)

Cost-effective concentrate. Cleans virtually all surfaces. A dual-action formulation made from natural and biodegradable ingredients. Great for cleaning counters, walls, wood, painted surfaces, upholstery, stainless steel, aluminum, granite, porcelain, chrome, etc.

6x1 quart case , 4x1 gallon case, 2.5 gallon pail

Blue Concentrate (0142)

Lemon scented, multi-purpose concentrate. The bottle has a built-in cost control portion cup that measures just the right amount of cleaner every time. Cleans floors, walls, woodwork, tile and a variety of other surfaces. Safe for use on surfaces not harmed by water.  **Environmentally Preferred Product**

4x1 gallon case

Concentrated All Purpose Cleaner (5852)

No rinse all purpose cleaner for floors, walls and all washable surfaces. Low foam formulation works well in all water temperatures and conditions.  **Environmentally Preferred Product**

4x1 gallon case, 2.5 gallon containers

Go2 Oxygenated Multi-Purpose Cleaner (GS3306)

Hydrogen peroxide fortified formula is stabilized for cleaning effectiveness on both hard and soft surfaces. Highly dilutable, GO2 can be used to safely clean virtually any surface including glass/windows, floors, walls, carpets, restrooms, grout and showers.  **Environmentally Preferred Product**

6x1 quart case, 4x1 gallon case

GLASS CLEANERS

Concentrated V.O.C. Free Glass Cleaner (5853)

Streak free cleaning for windows, mirrors, glass, plastic, fiberglass, Plexiglas, metal, chrome and other hard surfaces. Removes tough soils, fingerprints, smears and smudges. No ammonia, no alcohol or other solvents.

 **Environmentally Preferred Product**

4x64 ounce case, 4x1 gallon case, 5 gallon pails

Glass & Multi Surface Cleaner (5415)

Streak free, ready to use glass and multi-surface cleaner. Removes film, smudges, smears, and soil from surfaces, such as: glass, mirrors, plastic, Plexiglas, refrigerators, Formica, paneling, vinyl, porcelain, ceramic, and stainless steel.

6x1 quart case, 55 gallon drums

RTU Glass Cleaner (4007)

Convenient ready to use VOC free glass cleaner. No ammonia, no alcohol or other solvents. Streak free cleaning for windows, mirrors, glass, plastic, fiberglass, Plexiglas, metal, chrome and other hard surfaces.

 **Environmentally Preferred Product**

6x1 quart case, 4x1 gallon case

RESTROOM CARE

All Purpose Cleaner With Bleach (5247)

An all purpose cleaner fortified with bleach. Excellent for cleaning bathrooms, sinks, tubs, tile, toilet bowls, and cutting boards. This product is also a handy laundry pre-spotter for white fabric items.

6x1 quart case, 4x1 gallon case

Pine Cleaner Concentrate (5044)

Concentrate. Deodorizes as it cleans. Reduces the time and effort needed for proper cleaning of floors, walls, and restrooms.

4x1 gallon case

Concentrated All Purpose Cleaner (5852)

No rinse all purpose cleaner for floors, walls and all washable surfaces. Low foam formulation works well in all water temperatures and conditions.  **Environmentally Preferred Product**

4x1 gallon case, 2.5 gallon pail

Go2 Oxygenated Multi-Purpose Cleaner (GS3306)

Hydrogen peroxide fortified formula is stabilized for cleaning effectiveness on both hard and soft surfaces. Highly dilutable, GO2 can be used to safely clean virtually any surface including glass/windows, floors, walls, carpets, restrooms, grout and showers.  **Environmentally Preferred Product**

6x1 quart case, 4x1 gallon case

Non-Corrosive Bathroom & Bowl Cleaner/Descaler (5854)

Acidic formula easily cleans and removes hard water scale, soil and soap scum from restroom surfaces and fixtures. Use as a bowl cleaner for general restroom cleaning including grout. Safe to use on metal surfaces, sinks and fixtures.

4x1 gallon case

Restore - Calcium and Lime Remover (4011)

Cleans and removes hard water and alkali stains around dish machines, sinks, and other stainless steel surfaces. Great for removing scale deposits in and around bathrooms, showers, and toilets, tiles, walls, and tubs. Safe for use on metal fixtures. Also suitable for cleaning mineral deposits from coffee machines.

 **Environmentally Preferred Product**

6x1 quart case, 55 gallon drums

Blue Concentrate (0142)

Lemon scented, multi-purpose concentrate. The bottle has a built-in cost control portion cup that measures just the right amount of cleaner every time. Cleans floors, walls, woodwork, tile and a variety of other surfaces. Safe for use on surfaces not harmed by water.  **Environmentally Preferred Product**

4x1 gallon case

DEGREASERS

Heavy Duty Degreaser (5170)

Concentrated. Formulated for jobs requiring a heavy duty solution. Can be used on ovens, grills or greasy kitchen floors. Attach a spray applicator to increase cling time when cleaning grills and ovens.

6x1 quart case, 4x1 gallon case, 5 gallon pails, 15 gallon drums, 30 gallon drums, 55 gallon drums

Orangy (6552)

CUSTOMER FAVORITE! Ready to use, multi-surface cleaner with a fresh and clean orange scent. Dissolves and removes grease, dirt, oil and similar tough substances. Safe to use on stainless steel and other surfaces such as aluminum, brass, linoleum tile, formica, painted surfaces, and upholstery. Ideal cleaner for kitchens, dining areas, rest rooms, and general housekeeping.

6x1 quart case, 4x1 gallon case

Concentrated Non-Solvent Cleaner & Degreaser (5851)

Non-solvent, non-corrosive and non-flammable cleaner and degreaser. Easily loosens oils, grease and other soils for full suspension and removal from a variety of surfaces.  *Environmentally Preferred Product*

4x1 gallon case, 2.5 gallon containers, 5 gallon pails

Multi Clean (6279)

Concentrated multi-purpose cleaner/degreaser. Safe for use on aluminum surfaces. Removes stubborn greasy buildup. This all purpose cleaner quickly cleans and degreases hard surfaces.

6x1 quart case, 5 gallon pails, 55 gallon drums

ODOR CONTROL & DEODORIZERS

Dumpster Deodorizer (1175)

Cherry scented, deodorizing biological treatment for dumpsters, trash bins, and garbage cans. Sprinkle the deodorizing granules on the bottom of the dumpster and the moisture will activate the odor destroying bacteria in Dumpster Deodorizer. Can also be used as an absorbent for obnoxious odors in the event of someone getting sick. Dumpster Deodorizer will quickly absorb the liquid and facilitate a rapid clean up.

2x5 pound pail, 50 pound drum

Odor Out Plus (5520)

Eliminates odors by chemically binding them thereby eliminating them even after drying. Simply saturate areas to be treated. Use on garbage cans, trash bins, urinals, and dumpsters. Eliminates odors from cigarette smoke, fish, kennels, and other obnoxious odors.

6x1 quart case, 4x1 gallon case, 5 gallon pails

DISINFECTANTS AND SANITIZERS

**EPA registered products may not be available for sale in all states. Confirm with your Alpha Chemical representative for availability of sale in your states.*

Alpha Bac (5688)

Quaternary disinfectant

Alpha Bac 4.5 - Lemon Scented (5637)

EPA registered, 4.5% quaternary ammonia based cleaner, disinfectant, non-food contact sanitizer that is lemon scented. When used as directed on non-food contact surfaces, Alpha Bac 4.5 will clean and disinfect hard surfaces such as walls, floors, sink tops, toilet bowls, tables and chairs. Can also be used to deodorize clean, hard, non-porous surfaces such as garbage bins and can and toilet bowls

Alpha Bac 4.5 - Pine Scented (5578)

EPA registered, 4.5% quaternary ammonia based cleaner, disinfectant, non-food contact sanitizer that is pine scented. When used as directed on non-food contact surfaces, Alpha Bac 4.5 will clean and disinfect hard surfaces such as walls, floors, sink tops, toilet bowls, tables and chairs. Can also be used to deodorize clean, hard, non-porous surfaces such as garbage bins and can and toilet bowls.

Alpha Bac 10 (5678)

EPA registered, 10% quaternary ammonia based sanitizer.

Multi-Surface Cleaner Disinfectant (5705)

Multi-Surface Cleaner Disinfectant is effective as a disinfectant against: *Pseudomonas aeruginosa* (in one minute), *Staphylococcus aureus* (in one minute) and *Salmonella enterica* (in one minute), *Trichophyton mentagrophytes*, (The Athlete's Foot Fungus) (in 10 minutes). Ready To Use Sanitizer (5690)

A ready to use Quaternary Sanitizer. Requires no rinse. For sanitizing Cutting Boards, Food Processors, Blenders, Cutlery, Ice Machines, Slurpee Machines, Counter Tops, and Meat Slicers.

FLOOR CARE

Quarry Tile Floor Cleaner With Bleach (1191)

Heavy duty and versatile cleaner featuring a powerful bleach formulation that quickly cleans a wide variety of surfaces. Removes tough stains and cuts grease. Can also be used for cleaning greasy walls, floors and stainless steel surface areas. Effective in removing protein stains.

80x2.5 ounce packets/case

Easy Mop (5541)

Unlike regular floor degreasers Easy Mop removes the historic build-up of fats, oils, and grease that accumulate on your floor. Over two weeks time Easy Mop will reduce the intensity and frequency of deck brushing required to keep grout clean. Once the grout is clean, washing with a solution of Easy Mop does not require a rinse afterwards.

4x1 gallon case, 2.5 gallon pail, 5 gallon pails

Floor Clen 300 (5453)

A liquid floor cleaning compound for use in floor scrubbing machines.

6x1 quart case, 4x1 gallon case, 55 gallon drums

Natural Wood Oil Soap (5644)

Cleans wood surfaces, leaving behind a clean, glossy shine. Lemon scented and safe for use on marble surfaces.

6x1 quart case, 4x1 gallon cases

Orange Powdered Floor Cleaner (1035)

Heavy duty formulation. Cleans greasy floors. Will eat through the toughest grease providing a safe clean environment for both workers and customers.

40 LB Pail, 400 LB drum, 400 LB. drum

Powdered Floor Cleaner (4008)

Institutional strength cleaner. Cuts through dirt, grease and oil from floors, walls and other surfaces. Use on concrete, quarry tile, terrazzo and resilient floors. Use inside or outside on driveways, sidewalks and drive through areas.  **Environmentally Preferred Product**

50x1 ounce packets

Quarry Floor Acid Cleaner (5340)

Removes grease and grime from the pores of quarry tile or concrete flooring, and creates a surface with a higher coefficient of friction - less slippery even when wet.

4x1 gallon case, 2.5 gallon containers, 5 gallon pails

e.COAT (RSECOAT)

A zinc-free floor finish. Hard, high-gloss floor finish and seal. Contains no zinc or other heavy metals. High performance on resilient and terrazzo floors. Use with all buffing and burnishing floor maintenance systems. Meets and exceeds slip resistance standard ASTM D2047.  ***Environmentally Preferred Product***

4x1 gallon case, 5 gallon pails

e.MULSIFY (RSEMULSIFY)

Low odor floor stripper. e.MULSIFY is an environmentally preferable non-butyl stripper that removes floor seals and finishes. Fast acting, e.MULSIFY dissolves and removes multiple coats of conventional and metal free floor finishes. Low odor, use where indoor air quality and use of high solvent solutions is not recommended.  ***Environmentally Preferred Product***

4x1 gallon case, 5 gallon pails

Hand Care

Alpha Foaming E-2 (1102)

Foaming hand wash and sanitizer. Cleans hands and reduces bacteria on skin. Recommended for use in federally inspected meat and poultry plants. Alpha Foaming E-2 meets all USDA E-2 requirements.

8x1000 mL bag cases

Alpha E-3 (9920)

A one step instant hand sanitizer spray. When sprayed onto the hands and gently rubbed over the skin it greatly reduces the number of microorganisms that cause infection and illness. Use on clean, non-soiled hands when rinsing with water is not available. After spreading and rubbing ALPHA E-3 into skin, allow hands to dry.

4x1 gallon case

Style Antibacterial Liquid Hand Soap (97841)

Antibacterial hand soap containing .3% P.C.M.X. This ingredient is effective against bacteria by suspending microorganisms during hand washings, destroying them and permitting them to be washed off. Effective in killing a broad spectrum of germs by inhibiting the re-growth of bacteria that remains on the skin after washing.

4x1 gallon cases

Sani-Guard-SF Waterless Sanitizing Foam (92561)

Sani-Guard-SF Waterless Sanitizing Foam containing 62% Ethanol and humectants to protect retention of moisture, plus Aloe Vera & Vitamins A & E to decrease skin shedding and transmission of skin flora to patients and to prevent dryness of skin and damage to the protective barrier properties of skin. Sani-Guard-SF is glycerin free! Hands are always clean and smooth without feeling coated and sticky. Our specially designed foaming formulas, enriched vitamins and moisturizers provide a wonderful and gentle cleansing experience along with a fresh, clean scent.

6x1 quart cases

Grime Time Hand Cleaner (6350)

A waterless industrial strength pumice hand cleaner for maintenance personnel. Removes grease, oil, paint, ink and dirt. Formulated with conditioners to leave hands feeling velvety smooth with a fresh citrus scent.

6x1 quart case, 4x1 gallon case

Hot Pink Mechanics Hand Cleaner (6348)

A waterless industrial strength pumice hand cleaner for maintenance personnel. Removes grease, oil, paint, ink and dirt. Formulated with conditioners to leave hands feeling velvety smooth with a fresh citrus scent.

6x1 quart case, 4x1 gallon case

Velvet Colada Hand Soap (6289)

A luxurious hand and body soap that's ready for dispenser use. Just a few drops give you a rich creamy lather that quickly removes grease, grime, and soil, leaving hands and body clean, smooth, conditioned, and smelling fresh.

4x1 gallon case

Almond Lotion Hand Soap (6285)

A luxurious hand and body soap that's ready for dispenser use. Just a few drops give you a rich creamy lather that quickly removes grease, grime, and soil, leaving hands and body clean, smooth, conditioned, and smelling fresh.

4x1 gallon case

4x1 gallon case

e.Foam Foaming Hand Soap (e.FOAM)

e.Foam is a green certified foaming hand soap for use in refillable dispensers. Moisturizes as it cleans. Leaves hands and skin smooth, soft and hydrated. Made with naturally derived biodegradable surfactants per OECD301. Contains no artificial fragrances or dyes. Packaging, including container, closure and shipping cartons are designed and intended for recycling. e.Foam Foaming Hand Soap is an EPA Safer Choice-certified product.  **Environmentally Preferred Product**

4x1 gallon case

Whisk Lotion 157 (98181)

Our most popular foaming hand soap is dispensed as a foam, ready for use, allowing for reduced soap usage as much as 50% for each hand washing. This high quality lotion soap is a mild, yet effective cleaner that leaves the skin clean and with a pleasant fruity fragrance. It contains specialized emollients to help maintain moisture in the skin. This uniquely formulated hand soap meets the Green Seal® Standard for Hand Cleaners for Industrial and Institutional Use (GS41). WhiskLotion Foaming Lotion Soaps provide economical cleansing of the hands and/or entire body. A small quantity of concentrated cleanser expands to as much as ten times its original volume and reduces usage up to 50% compared to conventional liquid soaps.

8x1000 mL bag cases, 4x1 gallon cases

Laundry

DETERGENTS

Ocean Power Laundry Detergent (0664)

Ocean Power Laundry Detergent is a premium liquid laundry detergent. Some of the purest cleaning ingredients available are used to provide excellent cleaning power leaving garments feeling soft and smelling fresh. Specifically formulated for cleaning heavily soiled institutional linens. Triple strength contains more than three times the cleaning strength compared to conventional laundry detergents. Ocean Power is the 3X product that you have been looking for to use in your new front loader!

6x64 ounce case, 4x1 gallon case, 5 gallon pails, 15 gallon drums

Oxygen Stain Remover (0502)

An "activated" oxygen bleaching agent designed to clean and remove soils, stains and odors in many different applications. The activated oxygen releases faster and at lower temperatures for faster stain removal. Oxygen Stain Remover acts as color safe bleach and is great for removing stains from colorfast fabrics in the laundry. Does not produce fabric damage caused by chlorine containing bleaches. Removes stains caused by wine, juice, food, animal blood, makeup, spaghetti sauce and many other organic stains in the kitchen.

16 pound pails

Emulsifier (5227)

A superior blend of highly active surfactants, natural solvents and optical brighteners. Used separately or in conjunction with Liquid Laundry Break for removal of heavy soils, difficult stains, oils and grease. Leaves linen with a clean fresh smell. Excellent for food and beverage table linen and napkins. Your Alpha Chemical representative will adjust the programmable chemical dispenser for maximum performance and economy.

5 gallon pail, 15 gallon drum, 30 gallon drum, 55 gallon drum

Liquid Break (0651)

A highly concentrated alkaline booster containing anti-redeposition agents and water conditioners. Can be used alone or in conjunction with Emulsifier for heavily soiled linens. Your Alpha Chemical representative will adjust the programmable chemical dispenser for maximum performance and economy.

5 gallon pail, 15 gallon drum, 30 gallon drum, 55 gallon drum

BLEACHES

Chlorium (1701)

A concentrated powdered organic chlorine bleach for effective stain removal. For industrial use only. Do not mix with anything but water.

50 lb. pail

Laundry Destainer (5858)

A super concentrated chlorine based bleach designed for use in general laundry applications. Formulated for fast and effective chlorine release to brighten linens. Your Alpha Chemical representative will adjust the programmable chemical dispenser for optimum results.

4x1 gallon case, 5 gallon pail, 15 gallon drum, 30 gallon drum, 55 gallon drum
